

Campus Visitors

Although we understand that this will be a big adjustment, please note that during the fall semester parents/guests are not allowed to enter the buildings without a scheduled appointment. We are also suspending our parent volunteer program for the time-being. Our primary and shared focus must be the safety and well-being of our students, faculty, and staff. Those with a scheduled appointment must check-in by calling the office number and must complete a health screening prior to entering campus.

The Den will remain open for the PA Community. The community guidelines for retail operations will be in effect by limiting the number of customers inside at any one time and by requiring masks to be worn.
