

## Learning Scenarios

Students should return to full-time in-person learning in the fall.

For students (PK4 through grade 12) who are in mandated quarantine due to COVID-19, school work and appropriate materials will be sent home for core subject areas. Dedicated remote instructors and/or co-teachers will not be provided during this time.

### Long Term Virtual Instruction:

For those who desire a more permanent virtual pathway (Kindergarten through grade 12), we have partnered with another learning institution as an online schooling option. This is an improved avenue for long-term online instruction beyond what we were able to provide during the last school year. Please contact [michelle.ward@pulaskiacademy.org](mailto:michelle.ward@pulaskiacademy.org) for detailed information.
