2. Use the materials available on the Curriculum Resources website (www.pulaskiacademy.org/courses) to evaluate and determine your course options for the upcoming school year. Each grade level has different course requirements and options, so the grade-level worksheets and MS/US Course Guide will be particularly helpful to students and families in this process.

3. Make sure you are logged into your **student** Google account (example: max.gorman@pulaskiacademy.org).

4. Click on the Online Course Selection Link for your grade level for the upcoming school year. You will be taken to a Google Form to complete and submit. After reading the instructions, you will be required to enter your name (first and last) and your Student ID Number, as shown below:

The image shows a screenshot of a Google Form with a light blue border. It contains two text input fields. The first field is labeled "Your Name (required) *" and has a placeholder text "Your answer" above a horizontal line. The second field is labeled "Your Student ID # (required) *" and includes a sub-instruction: "This can be found on your portal at the top of your current class schedule." Below this instruction is a placeholder text "Your answer" above another horizontal line.

5. Complete the form by making choices as prompted. Review your selections before clicking submit. You will only be able to fill the form out once with your student login. If you need to make any changes after submission, please go to the MS or US counseling office.
